

To the Members
Of the Twelve Plus

Rome, 15 April 2021

Dear Colleagues,

I am pleased to present my candidature for the position of member of the Working Group on Science and Technology.

I have been a member of the Italian Delegation to the IPU since 2006 and have participated in all IPU Assemblies and activities since then, actively involved in the parliamentary diplomacy action over the years.

I am a member of the High Level Advisory Group on Countering Terrorism and Violent Extremism since its creation in Doha (April, 2019).

I have a Degree in Physics - Department of Mathematical, Physical and Natural Sciences: Vote 110/110 cum laude. This is why I would be very interested in becoming a member of this new working group.

I would be happy to coop with fellow MP's with a similar background and similar interests, contributing to science and technical innovations as a fundamental basis for a sustainable development.

For its part, the Italian IPU Group will provide me with the necessary support to help me fulfill my duties as a member of the Working Group on Science and Technology.

Thank you for your support.

On. Gennaro MIGLIORE
Deputy President
Italian IPU Group
